

FARNBOROUGH HILL

WHOLEHEARTEDLY

BURSARY AND HARDSHIP AWARDS POLICY

Our Mission

Farnborough Hill welcomes all into our community, where we aim to live Christ's Gospel values joyfully and wholeheartedly, forming each individual to fulfil her potential and face the future with wisdom, strength and dignity.

Introduction

The Governors of Farnborough Hill are committed to broadening access to the School by offering to eligible parents/guardians means-tested financial support with the payment of school fees. Such support is known as a bursary and is awarded in the form of a discount on tuition fees payable, depending on the financial, compassionate, or other pertinent circumstances of applicants. Bursary awards are entirely subject to the Governors' discretion. Bursary awards vary in value and range from 5% to 100% of tuition fees; very few full bursaries are offered each year with priority being given to practising Roman Catholics.

Legal Framework

Decisions are made in accordance with the Charities Act 2011, government guidelines, and the ethos of the School.

This policy should be read in conjunction with the following:

- Admissions Policy

Aim

The aim of this policy is to explain how bursaries are allocated and distributed by the School.

Awards are made dependent on individual parents'/guardians' circumstances such as income, savings, investments and realisable assets, family size and dependants, together with compassionate and other pertinent considerations. Re-assessment for awarded bursaries will take place, during June and July each year. Bursaries may be varied upwards or downwards, depending on changing parental circumstances.

For any application for financial assistance, applicants are required to disclose all information that may be relevant to the application. Should the family's financial circumstances change between annual re-assessments, parents are required to update the Bursar accordingly, which may trigger an extraordinary review of the award. The process relies on full disclosure and if this has not occurred then the School reserves the right to withdraw and reclaim all or part of the award granted, for a period of up to one year following the award.

Bursary Options

Requests for financial support usually fall into two categories:

Bursary Applications: awarded to new applicants to the School where a place may be offered but parents/guardians are unable to fund the full tuition fees.

Hardship Awards: awarded to existing pupils where a change in parents'/guardians' circumstances has resulted in difficulty in meeting tuition fees and may result in the child being withdrawn part way through a stage of

education. Hardship awards would therefore typically be awarded to see the pupil through to the end of the academic year or to cover to the end of the two GCSE years or Sixth Form.

The Initial Application Process

Bursaries may be made available to parents/guardians of pupils entering the School at any point of entry including the Sixth Form. They are awarded at the discretion of the Governors; the Bursar is responsible for the management and coordination of the process.

Applications for new awards will only be considered for parents who have registered with the School.

- **Step One** Bursary information is available to parents as part of the admissions process. If parents/guardians believe that they may be eligible for a bursary, then a link is sent and a Bursary Application Form must be completed to establish the financial circumstances of the household. In the case of separated parents, each parent with parental responsibility should complete the bursary application. The Form, which requests details of income and capital, must be accompanied by full documentary evidence and is completed electronically. The completed Form, together with the necessary documentary evidence, is to be submitted no later than the date stated in the registration process. Late applications may be considered but in exceptional circumstances only and with prior agreement of the Bursar. Parents/guardians are advised that the availability of grants to late applicants is likely to be limited. The School expects all potential bursary applicants to demonstrate a commitment to Farnborough Hill by attending an Open Afternoon or private tour, Busy Bee taster day or interview with the Headmistress.
- **Step Two** Eligible applications will be assessed by Bursary Administration Limited (BAL). This assessment may include a home visit. BAL will then produce a report for the Bursar and Governors giving an indication of the likely level of support needed to allow the child to attend the School. Parents/guardians will be notified if it is likely that the level of support needed is beyond the financial resources of the School. Parents/guardians will have the option to proceed to be assessed for a place that they will fund in full via fees, or to withdraw prior to the entrance examination.
- **Step Three** After the relevant entrance examination has been passed, the Governors' Bursary Awards Sub-Committee will meet to make the final assessment of bursaries. Parents/guardians are then advised whether their daughter is to be offered a place at the School and the outcome of the bursary application. At 11+ it is the School's intention, where possible, to announce the bursary award in conjunction with the offer of a place.
- **Step Four** All bursary places should be acknowledged and accepted/declined in accordance with the timeline outlined in the admissions process.

The Decision

The Awards Sub-Committee will consider a number of factors when making the decision regarding justification and the extent of any support. In the main, the child's suitability for the School is the first consideration in granting support. In assessing a child's suitability, attention will be given to the academic assessment result of each applicant, but potential will also be considered as well as actual achievement.

- **Pupil Suitability** Suitability will be tested by means of the appropriate entrance examination. Bursary funds are limited and those judged likely to gain most from the educational provision will be given priority. A contribution to the co-curricular programme will be expected. Each pupil to whom support is offered must, in the opinion of the Headmistress, be likely to make sound academic progress following admission, possess the potential to develop the quality of her work, and be willing to participate in the wider, co-curricular activities. Applicants must meet the School's normal academic requirements. Previous school reports will be consulted for evidence of good behaviour and a written reference will be requested.
- **Financial Limitations** Cases are assessed on their own merits and awards are made accordingly, subject to the School's ability to fund these within its overall budget. It is recognised that judgements

about what sacrifices a family should make to pay school fees will be personal. However, the School has a duty to ensure that all bursary grants are well-focused. So, as well as current earnings, there are other factors which will be considered in determining the necessary level of grant. These will include:

- The ability to improve the financial position or earning power of the family. For example, where there are two partners, both would be expected to be employed unless one is prevented from doing so through incapacity, the need to care for children under school age or other dependants, or the requirements of his/her partner's work.
- Opportunities to release any capital. Significant capital savings and investments would be expected to be used for the payment of school fees, as would equity values in houses.
- In cases of separation, the contribution made by the absent parent.
- Contribution to household costs by other family members, any adults unrelated to the child or by outside sources.
- Where fees are being paid to Farnborough Hill and other schools the School's grant will take into account all these outgoings. However, the school will not award a bursary if a sibling is at another independent school and not in receipt of a bursary.
- Acknowledging that others might have a different view, the School considers that the following would not normally be consistent with the receipt of a bursary:
 - Frequent or expensive holidays.
 - New, luxury or superfluous cars.
 - Investment in significant home improvements.

The School is unlikely to consider a Bursary for parents owning a second property or land holdings.

It is recognised that, in addition to academic ability and financial constraints, there may be other circumstances which should be considered. These include:

- Where the social needs of the child are relevant (eg may be suffering from bullying at her present school).
- Where a parent/guardian is terminally ill or is unable to secure permanent employment due to poor health.
- Where a separation has resulted in the child having to be withdrawn from the School adding to the stress of coping with the parents/guardians separating.

Hardship Awards for existing pupils - change in family circumstances

Parents/guardians with a child at the School whose financial circumstances suddenly change may apply to the Bursar for a Hardship Award, explaining their situation and using the normal Bursary Application process. Such awards are subject to the availability of funding and are usually for a short term or fixed period. Applications may be made at any time of the school year.

For those previously in receipt of bursaries, the Headmistress and Bursar, in making their joint recommendation to the Bursary Awards Sub-committee, have the discretion to recommend to the Governors the reduction or withdrawal of an award. This may happen not only where a pupil's progress, attitude or behaviour has been unsatisfactory, but also where the parents/guardians have failed to support the School, for example by the late payment of any contribution they are making to the fees.

Other Sources of Bursary Assistance

In addition to the School's Bursary Fund, there are a number of educational and charitable trusts which provide assistance with tuition fees. In the majority of cases, these are to assist children who are already attending a fee-paying school and due to a change of circumstances may be unable to remain. Farnborough Hill encourages parents/guardians to apply for support where it is felt a good case can be made for assistance.

Confidentiality

The School respects the confidentiality of bursary awards made to families and recipients are expected to do likewise.

This policy is reviewed annually by the Bursar.

The next review is due in September 2026.
